

Mission Moment - September 16, 2018

Dallas Mission Trip

Please play the provided video on your Roku Player.

We have a small team of guys heading to Dallas next weekend to work with refugees. They will be meeting up with Stephen & Kelsey Crosson who are missionaries with an organization called Forefront Ministries based out of Northwest Arkansas. They will be working with Afghan and Syrian refugees, especially focusing on Muslim men.

It is unbelievable how God works! It is very difficult and very dangerous to go to Afghanistan or Syria where there are many completely unreached people groups with no gospel presence, and so God brings them to us! We must use this opportunity that God has given us to share the good news with these refugees who desperately need Jesus.

Pray

Please be in prayer for our team as we head down to Dallas. Pray that we would be an encouragement to Stephen and Kelsey Crosson. Pray for the Muslim men that we will interact with. Pray that the Holy Spirit would soften their hearts to hear the gospel and they would willingly receive it. And, lastly, pray for the Crosson's that they would remain steadfast in their work to reach out into very hard soil.

Save The Date

Sunday Night, October 21st, 5pm-7pm, we have our annual Go Night. Please, make sure you put this on your calendar. We will have childcare for preschool and below, and there will be fun activities for the older children. We will meet in the Worship Center for a time of worship and inspirational preaching. We will then move to the Activities Building for a booth fair featuring our partnerships all over the world.
