Cornerstone Church is a part of our Multiply Network. Hunter Thompson is the pastor and replanter of this church. As a reminder, last year our church voted to take on the property of the former Immanuel Baptist Church. Cornerstone is now meeting there, and we have sent about 25 of our members there so far to serve as missionaries to see a healthy, multiplying church in that neighborhood around Ramsey Junior High School.

Cornerstone officially launched this past Easter and currently have around 70-80 people meeting weekly for worship.

Prayer

Take a moment this morning in your class time and specifically pray for Cornerstone Church and Pastor Hunter Thompson. Pray that they would be a light in the neighborhoods around Fairview Elementary and Ramsey Junior High. Pray that they will continue to grow and see people saved and made disciples.

Do Something
