

Mission Moment - November 10, 2019 For The City Week

Please play the video provided on your Roku device.

This is one full week where we are calling an all out blitz of service projects in the River Valley. We have projects scheduled for morning, afternoon, and evening. We have projects for skilled workers and for anyone, even kids! Signup NOW!

Our goal is two-fold:

- We want to get our church seen in the community and invite people to church.
- We want to use these projects as opportunities to build relationships with people that might lead to spiritual conversations and the gospel.

We want you to signup for as many projects as you can do! 90% of these projects will only last about 1 hour or less. Prior to your scheduled project, you will come up to Grand in Room 118, be given a t-shirt, any materials you might need, instructions, and someone will pray over your team. It's that simple!

Orphan Sunday

TODAY is Orphan Sunday! This is a Sunday recognized all over the world to raise awareness for orphan care, foster care, and adoption.

We are hosting several booths this morning in our Guest Services area that highlight each of these areas that our church participates in. We hope you will make a point and walk through the area either before or after the morning worship service.
