

## Mission Moment - November 24, 2019

### For The City Week

*Please play the video provided on your Roku device.*

Today you are getting to hear from Krysten Fagan. Many of you know her as the "Need To Know" girl. Most of you don't know that she is now working in our church office. One of her jobs is to help our Mission Ministry with our bigger events, and she has been invaluable in the work she has done on For The City Week!

### **For The City Week**

For The City Week will be December 1-7.

This is one full week where we are calling an all out blitz of service projects in the River Valley. We have projects scheduled for morning, afternoon, and evening. We have projects for skilled workers and for anyone, even kids! Signup NOW at [www.GABCMissions.com](http://www.GABCMissions.com)!

Our goal is two-fold:

1. We want to get our church seen in the community and invite people to church.
2. We want to use these projects as opportunities to build relationships with people that might lead to spiritual conversations and the gospel.

We want you to signup for as many projects as you can do! Many of these projects will only last about 1 hour or less. Prior to your scheduled project, you will come up to Grand in Room 118, be given a t-shirt, any materials you might need, instructions, and someone will pray over your team. It's that simple!
